

Red Attacks In Berlin Are Designed To Create Crisis, Says Marshall

BY EDWIN SHANKE
Berlin, Sept. 8 (P)—Russian tommy gunners and Soviet sector police kidnapped 19 western sector police today, after the Soviet commandant had guaranteed their safe passage from Berlin's besieged city hall. They were taken from a French convoy at the Lustgarten, only a few blocks from the city hall—which is in the Soviet sector of this divided, blockaded city. As the 19 policemen and a German photographer were tumbled into a Russian truck to be hauled away a French officer protested that the Russians were "pulling some funny business." "You mean this is a plain double cross, don't you?" asked an American reporter.

Washington, Sept. 8 (P)—Secretary Marshall said today Communist attacks on the Berlin city government were largely intended to upset talks of the Big Four military governors on the crisis in the Soviet-blockaded capital.

Marshall said that the efforts to dispute these talks must be firmly resisted. He declined at a news conference to say that any resistance involves military measures.

Given Full Details
Just before seeing newsmen, the secretary of state received from the military high command at the Pentagon a detailed account of the situation in Germany and in Berlin.

This meeting followed a session of the National Security Council at which Marshall outlined the diplomatic picture in Berlin. It was understood the meeting with the military chiefs today was called to give the secretary a precise picture.

PRICE THREE CENTS

TOWN MAY BUY COMPRESSOR OR ROAD SWEEPER

Borough council, at its September meeting in the engine house Tuesday night, after discussing the purchase of a street sweeper and a compressor, left it up to the highway and the finance committees to decide which was needed most, since it appeared that borough finances, at the present time, at least, would not permit expenditures for both.

Stanley E. Attick, representing the Harrisburg Supply company, gave council at the August meeting details of a South Bend "gutter snipe" sweeper. The price was \$6,500, and Attick said part of it could be paid out of next year's budget.

Seeks Inspection

Councilman L. D. Shealer, chairman of the highway committee, reported Tuesday night that report was prepared to take members of council to Philadelphia to inspect one of the sweepers in use. Councilman Fred Hummelbaugh reported inspecting a sweeper of a different make in use in Chambersburg, and said he was told "they wouldn't be without it."

The need for an air compressor came up during a report by Borough Engineer LeRoy H. Winebrenner on sewer work in the borough. Four hundred feet of sewer have been laid along the Taneytown road and work is progressing on other sewer installations. In excavating for the sewers, borough crews ran into considerable rock, necessitating drilling and blasting. Winebrenner reported. He said the borough was paying the Teeter company \$75 a day for a compressor.

Winebrenner revealed also that the borough had no blasting insurance. A small stone went through the roof of a convertible coupe parked at a gasoline station on Steinwehr avenue during blasting operations on the Taneytown road, he said. The compressor and blasting problems were referred to the sewer committee.

Seek Wills' Marker

Council President H. M. Oyler referred to the safety committee a request from the Adams County Historical Society for permission to have a historical marker placed on Center square at the Wills house. Dr. Frederick A. Tilberg appeared before council and said the sign would be erected about midway of the building on the Center square side and would be of aluminum, with blue background and yellow lettering. It would measure seven feet from the sidewalk to the bottom of the sign and the sign itself would be 28 inches in height, he said.

D. J. Parker, Baltimore, representing Crouse-Hinds company of Syracuse, N. Y., manufacturer of traffic signal equipment, appeared before council again, and submitted

PLAN SERVICES AT ROCK CHAPEL

The annual home coming service of historic old Rock Chapel Methodist church will be held next Sunday.

A full day of activity has been planned, beginning with the Sunday school at 10:30 in the forenoon. The Reverend E. J. Croft, a former pastor of Rock Chapel church, will preside at the Sunday school session and George Smith, a layman of the York Springs Methodist church, will teach the lesson to the group.

A basket dinner and fellowship hour will follow the Sunday school, for all who care to bring their dinners, and remain for the afternoon. Elmer R. Nunemaker, present pastor of the York Springs-New Oxford Methodist church, will lead the hymn sing at 1:30 in the afternoon, and at 2:00 Mr. Croft will preside at the love feast.

In the 2:30 service, Miss Margaret Macmillan, of Gettysburg, will present a historic sketch of Rock Chapel Methodist church and the beginnings of Methodism in Adams county. In this service, Dr. W. E. Watkins, superintendent of the Harrisburg district, will deliver the sermon of the afternoon.

The public is invited to this service.

First Meeting Of League On Oct. 5

The first fall meeting of the Woman's League of Gettysburg college will be held Tuesday afternoon, October 5, it was announced today by Mrs. George R. Larkin, president.

Dates for subsequent meetings during the coming season will be December 7, February 1, March 1 and May 3.

The annual convention of the general league will be held here November 4 and 5.

New Building Code Submitted

After several months of study, the safety committee of town council, Tuesday night submitted a new borough building code at the regular September meeting of the borough council.

"This is submitted with the understanding that it will lie in the office of the burgess for 30 days before any action is taken," Councilman Wilbur Stallsmith said.

"This is an up-to-date ordinance," he added. "I don't think there is a thing in it that will hurt anybody who wants to build, repair or remodel. It is designed for the protection of everyone."

The public is invited to visit the office of the burgess in the Murphy building and read the new code.

HEIGES OFFERS NEW PLAN TO COLLECT FINES

Burgess C. A. Heiges has a plan for making it easier for tourists and others who receive red tickets for overtime parking.

Submitted to the borough council at its meeting in the engine house Tuesday night, the plan calls for installation of meter boxes at street intersections, between intersections at convenient places and on Center square.

It calls for a new type of parking ticket to replace the red ones now in use. The new ones would be double envelopes. They would have the same printing as the red tickets, but the tourist or other motorist who has stayed beyond the time limit as shown on the parking meter would put his dollar in one of the envelopes and drop it in the nearest meter box instead of taking it to the burgess or the borough treasurer. The police would retain the other half of the envelope.

"The envelopes could be picked up by the meter collectors, and it would save time for tourists, who could drop their dollar fines in the nearest meter box instead of hunting up myself or the borough treasurer," Mr. Heiges said. No action was taken because the burgess did not have prices on the boxes. He said he would submit additional data at the next meeting.

rites Saturday For Pfc. Little; Died In France

The body of Pfc. Theron Joseph Little, 25, son of Mr. and Mrs. Dennis Little, Mt. Pleasant township, near Bonneville, arrived Tuesday from France.

Pfc. Little died in a hospital in France August 12, 1944, from shrapnel wounds of the legs and sides sustained in Normandy while serving with General Patton's Third Army.

SOCIETY MEETS

The monthly meeting of the Ladies Aid society of Grace Lutheran church, Two Taverns, was held on Tuesday evening in the social hall with the president, Mrs. C. D. Trostle, presiding. Mrs. Trostle also conducted the devotional period. The business session included a discussion of arrangements for the serving of the annual chicken and oyster supper on the evening of the general election in November. Following the meeting, a covered-dish supper was served to 50 members of the society and their guests.

Seek To Warn Child Bitten By Rabid Dog

State police today asked every person to be on the lookout for a maroon Pontiac sedan, 1942 model, bearing North Carolina license 197-209.

The car is owned by the Brickie family of North Carolina, state police said, and a daughter, Betty, was bitten by a dog in North Carolina on Saturday. Only superficial treatment was given at that time but it has now been determined that the dog has rabies, police said they had been notified by teletype by the police in North Carolina.

As a result the child must have immediate medical attention to prevent a possible horrible death from the disease.

Anyone who might see the car was asked to stop it and inform the parents of the discovery so that the child can be taken immediately to a doctor.

The family is on a trip through Pennsylvania.

LEGION ROSTER HITS NEW PEAK; 1,444 MEMBERS

With the addition of 43 members Monday evening the Albert J. Lentz post of the American Legion reached an all time high for membership, 1,444. Last year's record was 1,383 members.

Plans for the annual Armistice Day party, to be held November 11, were outlined at Monday's session, with Lawrence M. Sheads named as chairman of the committee in charge. As usual a new car will be awarded at the party. Sheads announced that books for the party are available at the Legion home on Baltimore street.

The 82 members present for the session voted to purchase 18 uniforms for the burial squad commanded by C. Arthur Brame. The squad includes a rifle squad, pallbearers and color bearers utilized from time to time to provide the military rites for veterans' funerals.

Here And There News Collected At Random

Dick Powell, stage, screen and radio star, will portray the voice of history in a dramatic story entitled "Gettysburg" on "The Cavalcade of America" broadcast over NBC at 8 o'clock September 13.

"Gettysburg" flashes back to a memorable day in American history when several thousand people pounded out a message that will live forever in the annals of human freedom and liberty.

Halsted Welles wrote the radio play from a book of the same title by Earl Schenck Miers and Richard Brown.

Charles A. Hemler, scoutmaster of Troop 78, received the following letter from Russel G. Hild, director of the Boy Scout camp near Dillsburg.

"May I take this means of again thanking you and your family for your personal services rendered to our boys and those many others influenced and assisted by you during your stay with us at the York-Adams Memorial Boy Scout camp this summer. What you have done might have been a sacrifice to you and those dear to you, but there is no measuring stick to determine the personal "good" you did as a leader and counselor.

"We trust you had a pleasant experience, and that some of the ideas demonstrated may find their way back into your troop's program during the months ahead.

"My personal best wishes to you and yours for giving leadership to boys when they really need it — now."

'CHEST' DRIVE HERE OCT. 9-18 BY 200 WORKERS

Over 200 solicitors will be secured to conduct the first annual Community Chest drive to be held here October 9-18.

That decision was reached Tuesday evening at a meeting of the board of directors of the Community Chest held in the court house.

The "kick-off" for the campaign will be a general meeting of the directors, campaign committee, various chairmen, captains and solicitors for the drive for \$19,000 for six local organizations.

Name Campaign Committee

"This will be one drive which will replace six annual campaigns," John S. Rice, chairman of the campaign, pointed out. "Thus we will need a great number of solicitors so that everyone will be seen, and we need the cooperation of the whole community to put over the drive."

The date for the general meeting of all of the solicitors and others connected with the drive was not immediately decided upon, but will be set at a meeting of the board of directors on September 24 at the fire engine house.

Named to the campaign committee were Philip M. Jones, representing the recreation association; Mrs. J. Walter Coleman, Girl Scouts; Mrs. Guyon R. Buehler, YWCA; Mrs. George F. Eberhart, Civic Nurse; Mrs. Lester O. Johnson, library; and Danied E. Teeter, Boy Scouts.

List Three Chairmen

In addition, all of the divisional chairmen will be members of the campaign committee, it was decided.

Present plans are to divide the town into sections with chairmen, sub-chairmen, and teams of solicitors for each group. A list of over

CLUB TO HEAR ART DIRECTOR

Walter Trout, director of art in the York public schools, will give a "Chalk Talk" at a luncheon-meeting of the Woman's club of Gettysburg at 12:30 o'clock at the Hotel Gettysburg September 15. This will be Mr. Trout's 380th "Chalk Talk" since his graduation from the State Teachers' college, at Edinboro, Pa.

The York man's hobby is painting and he specializes in making sketches and then water colors of historical places in York county. He has also done a few in Adams county. He has a collection of 120 water colors and they are widely acclaimed by critics. Mr. Trout has also made all the stage settings for the various pageants presented in York.

Mrs. Robert Derck will sing several selections at the luncheon accompanied by Mrs. S. F. Snyder.

Trinity Circle At Meeting Tuesday

Mrs. Charles Ogden, Baltimore street, was named chairman of a rummage sale committee for Trinity Circle of Trinity Reformed church during a regular meeting of Circle Tuesday evening at the church. Other business included the decision of the members to purchase serving tables to be used in the social room. Mrs. Carl A. Westerdahl was introduced as a new member.

Mrs. S. Lester Scott, president, was in charge of the session. Preceding the business meeting, members of Circle enjoyed a covered-dish supper at the church. Arrangements had been made previously for the affair to take place at Rosensteel's park but threatening weather caused the supper to be held indoors. The hostess committee for the supper included Mrs. Fred Hummelbaugh, chairman; Mrs. George Johanninger, Mrs. Robert P. Snyder and Mrs. Donald Rebert.

A number of relatives reside in Adams county.

BAND TO REHEARSE

Members of the Blue and Gray band of Gettysburg will meet Thursday evening at 8 o'clock at the engine house for a regular rehearsal with their next local concert scheduled for Thursday, September 16, in Center square.

South Mountain Fair Is Underway; Fruit Growers Holding Sessions There

The South Mountain Fair, with its grounds jammed with commercial exhibits, and possibly 50,000 displays of the products of Adams county farms and homes, opened today under cloudy skies that apparently were failing to put any dent in the attendance.

Upwards of 5,000 were at the fair grounds this morning for the opening day of the 1948 fair—the first since 1940. With 25 buildings not sufficient to house all of the exhibits and displays, a dozen tents had also blossomed amid the trees of the grove which shelters much of the fair grounds proper.

Fruit Growers Day was the title given to today's events, with the county fruit growers presenting a program of speeches by outstanding leaders in the industry. The fruit grower sessions were being held in the memorial auditorium at the fair grounds.

Judging was also a feature of today's events, with the judges busy since early this morning in looking over the innumerable exhibits. They hope to complete their work by this evening.

Explain Lower Yields

Steadily decreasing yields in the Appalachian fruit belt for the next several years—due to the fact that old orchards are going out of production faster than they are being replaced by new ones coming to the bearing age—was forecast this morning at the fruit growers' meeting.

Over 400 fruit growers from Pennsylvania, Virginia, West Virginia and Maryland gathered at Memorial auditorium and the number was expected to reach the 1,000 mark this afternoon.

The decrease in yields was forecast by J. U. Ruef, State College extension horticulturist. "This is an old fruit belt," he pointed out "and it has been in existence on a large scale since 1900. Most of the orchards are old and more and more are going out of profitable production every year. That has been one of the reasons for the decline in production year after year. The trees no longer have the vigor that is needed to produce good fruit in quantity. Weather, insects and all the rest are factors, but an old tree is declining in its usefulness. In the meantime the young orchards are not coming in fast enough to replace the ones dying out."

Other Speakers
Ruef was one of three principal speakers this morning. J. O. Pepper, State College extension specialist, spoke on the insect situation and Dr. R. S. Kirby, State College extension entomologist, spoke on the disease situation.

Workmen were still engaged this morning in putting the final touches to the fair grounds for the county-wide event that opened today and will close Saturday night. While the speakers were talking at the auditorium this morning, the sound of hammering as a nearby building was completed could be heard and workmen were painting doors inside the auditorium.

1,000 For Preview

Tuesday night committee members and exhibitors were engaged in setting up exhibits until midnight. About 1,000 persons were at the fair grounds Tuesday afternoon and evening putting the finishing touches to various displays.

M. T. Hartman, county farm agent, introduced the speakers this morning. He in turn was introduced by Harvey B. Raffensperger, president of the Adams County Fruit Growers, who are sponsoring the day's program.

Pepper told the growers that there was hope for better and cheaper control of insect problems within the next few years. Better spray machinery, he said, was one thing in the foreseeable future, with probably within five years, machines being developed that would cut the amount of spray needed for a particular tree from possible 50 gallons to five gallons—and still do a better job of coverage. "With insecticides we have barely scratched the surface," he said, in forecasting that many new and improved insecticides will be developed within the next few years.

ELECT BROWN HEAD OF 'REC' ASSOCIATION

Attorney Richard A. Brown was elected as the new president of the Gettysburg Recreation Association at a meeting of the association directors Tuesday evening. The meeting was held in the "Rec" center in the First National bank building.

Mr. Brown succeeds Elmer W. Warren who submitted his resignation because of the pressure of other business. Mr. Warren was appointed in September, 1943, to the playground board and when the Recreation Association was incorporated last year became its first president.

Glenn L. Bream was named vice president of the association to succeed the Rev. Dr. Dwight F. Putnam, who resigned.

The vacancy on the board of directors, caused by Mr. Warren's resignation, was filled by the election of Horace L. "Pinney" Bender who will serve out the unexpired term ending next April.

The association heads also gave formal approval to plans of county agricultural advisers for procedure to be used in turling the new play area in the southwest part of town. The work already is underway.

WELFARE UNIT GROUPS NAMED

Committees for the coming year were named at the regular monthly meeting of the Adams County Child Welfare Services committee Tuesday evening in the Child Welfare office. C. C. Culp, chairman, presided.

The committees were appointed as follows: Personnel—the Rev. A. W. Geigley, Mrs. George Eberhart, Mrs. George Taylor; annual plan—Mrs. David Blocher, Lewis Bosserman, Mrs. C. L. Yost; publicity—Mrs. Henry T. Bream, Dale Roth, Samuel Baker; nominating—Mrs. Wilbur Miller, Dean Stover, John Rice; picnic—Mrs. Guy Wenk, Mrs. Wilbur Waigle, Dean Stover.

It was announced that Mrs. Viola Groening, Gettysburg R. D., will start her duties as a Child Welfare visitor on September 16.

Upon recommendation of Mrs. Christine Cunningham, Child Welfare secretary, it was decided to grant a weekly allowance for school activities to a high school girl in a foster home. It was also recommended that lunch boxes furnished for some children in foster homes be paid for by committee funds.

The latter part of the meeting was spent in discussing the general policies and procedures for a few individual children in communities whom members of the committee felt to be in need of Child Welfare service.

POLICE ARREST 26 IN AUGUST

Borough police made 26 arrests during August, according to the monthly report of Chief of Police Robert C. Harpster, 10 for motor violations, 14 for drunk and disorderly, one for a morals charge and one for attempted burglary. The report was submitted to borough council Tuesday night.

There were six auto accidents, involving 11 cars and one pedestrian and damage was estimated at \$215. Two burglary cases were reported and 201 minor complaints investigated, of which 64 were relative to barking dogs.

The report of Burgess C. A. Heiges showed the following receipts for the month: Building permits, \$12; sewer permit, \$150; peddler permits, \$50; oil tank installation permit, \$5; theater fees, \$518.43; circus permit, \$50; garbage collection fees, \$52.65; meter fines, \$50; illegal parking, \$9.

The borough treasurer's report showed a balance at the end of the month of \$51,513.12. Receipts for the month were \$53,332.82, including \$5,455.47 in taxes and \$1,922.67 in parking meter collections. The meter collections were divided as follows: Center Square, \$457.35; Chambersburg street, \$495.08; Baltimore street, \$438.84; York street, \$417.11 and Carlisle street, \$114.29.

3,000 names has been secured from the electric company and cards for the solicitors will be made up from that list. Each solicitor will be given prospect cards to avoid duplication.

Mares Sherman was selected to head the solicitation in the business district.

Mrs. Henrietta Blocher was named as chairman of the residential area committee; Glenn Guise, clubs and organizations and Dr. Ralph D. Wickerham, professional people. Other chairmen will be named Monday evening at a meeting of the campaign committee in the court house at 8 p. m.

Dreas Is Treasurer

Carl Baum, manager of The Gettysburg Times, was named chairman of the publicity committee. Other members of that committee were selected as Henry M. Scharf, Philip R. Bikle, Sydney Poppay and C. Paul Cessna.

It was also decided that those wishing to pay their donations direct to a bank can pay at either the First National or Gettysburg National banks. Both banks will act as depositories and funds received directly by solicitors will be divided between the banks.

Richard Dreas was elected treasurer.

To See Weed Control Methods Displayed

A number of Adams countians are expected to attend a weed control demonstration to be conducted Thursday at State College under the sponsorship of the Pennsylvania Crop Improvement association.

The demonstration will begin at 9 a. m. at the agronomy center and will include a tour of experimental plots in the control of weeds in corn, potatoes and turf. There also will be a display of exhibits of new chemicals and weed-fighting equipment.

"Each man must know his own business. He should study and find out as much as he can, and then knowing his own orchard and its problems work out a program of management and sprays for himself and then stick to that."

First Concert Held

Discussing the insecticide problem he urged growers not to "be too wild in the use of new ones until you know what you are doing. The insecticides which may wipe out a particular problem may also wipe out predators which kept another insect from becoming a problem and thus the grower could wind up worse than he was before."

The fair was in full swing today, with youngsters enjoying the ferris wheel, miniature cars and other entertainment provided for them. The first concert by Buddy Moreno's orchestra was held this afternoon.

Methodist church, Wilmington, Del. The ceremony was performed by the Rev. Dr. John N. Link. Escorted by her father, the bride was attended by Miss Ruth Ann Palmer as maid of honor, Edward C. Hoffman, Jr., attended his brother as best man.

briefing on the strength and capabilities of American armed forces in the area.

Questioned at his new conference, Marshall said the Berlin disorders followed a familiar Communist pattern. He said they were not inclined to aid efforts of the military governors to work out a settlement there.

After he noted the talks are proceeding, Marshall was asked whether the disorders, climaxed by the kidnapping early today of 19 western zone Berlin policemen, cast a shadow on the negotiations.

The secretary said he would leave this deduction to the questioner. Earlier, top American officials were studying a "progress" report just received from Gen. Lucius D. Clay, the American military governor in Germany.

To Recognize Israel

Marshall said also:

1. The State department probably will reply this afternoon to Russia's proposal for a meeting of the Big Four Foreign Ministers' Council before September 15 concerning the future of Italy's former colonies. He declined to say whether such talks would be limited to the colonies issue or could take up the Berlin crisis and other matters.

2. The U. S. hopes at the proper time to extend full legal recognition to the new state of Israel. The recognition announced by President Truman was only partial or "de facto." Marshall said timing of the action was important. He said a factor is an election scheduled in Israel in October.

3. The American envoy in Bucharest has been directed to make representations to Romania's Communist-led government on the nationalization of American-owned property in Romania. Marshall said details would be disclosed later.

4. American military aid from western Europe is still under consideration. Marshall said he assumes the talks on the subject with Britain, France and the Benelux countries are farther along now than during the summer.

PENNANT FEVER RESULTS FROM PIRATES' WINS

By RALPH RODEN
Associated Press Sports Writer

Pennant fever is spreading throughout Pittsburgh today for the first time since 1938.

Not since the Pirates blew the pennant to the Chicago Cubs ten years ago in the last week of the season has a Pirate entry been a strong contender for the flag at this stage of the race.

The flag hungry Pirates are in second place today, four games behind the league-leading Boston Braves.

Manager Billy Meyer's hustling crew wrestled the runner-up slot from the Brooklyn Dodgers last night, beating the floundering St. Louis Cardinals, 6-2. The Dodgers, who were idle, trail the Pirates by .0007 of a percentage point.

The venerable Fritz Ostermueller, one time property of both Brooklyn and St. Louis, stopped the Cardinals on seven hits last night as the Pirates made it three in a row over the Cardinals.

Ostermueller held the Cards' forenoon until the ninth when Don Lang followed a single by Stan Musial with his fourth home run of the season.

Triple Play

Musial, in the midst of his worst batting slump of the season, lined into a triple play in the first inning. Al Schoendienst walked and Marty Marion singled to start the game. Musial who failed to hit in eight trips against the Pirates on Labor Day, then lined to shortstop Stan Rojek. Rojek stepped on second to double Schoendienst and fired to Johnny Hopp at first in time to triple Marion. The three-play killing was the second of the season for the Pirates.

The loss cut the Cards' fourth place margin over the New York Giants to a half game. The giants took both ends of a doubleheader from the Phils in Philadelphia, 6-1 and 8-6, the latter in 11 innings.

Sid Gordon sparked the Giants to both triumphs. The slugging third sacker cracked two doubles and drove in three runs in the first game and broke up the second with his 30th homer scoring a mate ahead in the 11th inning. Gordon also sent the game into overtime, singling home Clint Hartung with the tying run in the ninth inning.

Andy Hansen scattered 10 Philadelphia hits in going the route in the first game. Hartung, who pitched the final five innings, was the winner in the tieup.

The setbacks dumped the Phils from sixth to last place. The idle Chicago Cubs took over sixth and the Cincinnati Reds moved from eighth to seventh, two points ahead of the Phils.

No games were played in the American league which resumes activity today.

Sport Shorts

Reading, Pa., Sept. 8 (AP)—More than 200 outstanding trotters and pacers have been named for the various events at the Reading Grand Circuit meeting Sept. 13-19 with 67 of them eligible for the four Futurities. Race Secretary Paul Easterly said the rich Futurity for three-year old trotters will be raced Sept. 15.

Chicago, Sept. 8 (AP)—The Chicago Cubs announced last night the signing of Danny Lynch, Jr., 21-year-old shortstop, who was made a free agent by Baseball Commissioner Happy Chandler last week.

Chandler freed Lynch from his Pittsburgh contract when investigation revealed the Pirates paid his father, M. Dan Lynch, Sr., \$600 as half a year's advance salary on a one year's contract as a scout.

Atlantic City, N. J., Sept. 8 (AP)—A 17-year-old high school boy from Norristown, Pa., captured the 1948 Atlantic City pageant swim.

Walter Heck, in winning the event yesterday, established a new record for the slightly more than one and a half mile distance—36 minutes, 12 and three tenths seconds.

Eastern League

(By The Associated Press)

The Eastern league was full of "mathematical possibilities" today but the "probabilities" favored the Scranton Miners in the fast-closing pennant race.

Three games short of the end of the season, the Miners have a two-game edge on the Albany Senators. The Utica Blue Sox are only half a game back of Albany in the pennant chase.

Both Scranton and Albany were shut out last night, the Miners 3-0 at the hands of the last-place Elmira Pioneers, whom they meet again tonight.

The Senators took an 8-0 drubbing from Utica and they return for another go-round tonight.

The Hartford Chiefs, meanwhile, held their fourth-place margin by beating the Binghamton Triplets, 9-4. But the Williamsport Tigers edged to within half a game of the Chiefs via two victories over the Wilkes-Barre Barons, 4-1 and 8-7.

Prior to 1913, the Secretary of Commerce was known as the Secretary of Commerce and Labor.

Donkey Baseball Game Here Friday

A donkey baseball game between teams of the Inductive Equipment plant and Emmitsburg, will be held Friday evening at 6:15 o'clock at Quarry field near the Inductive plant.

A game between the same teams was rained out some time ago.

All players, with the exception of the pitchers and batters, ride donkeys.

NITTANY LIONS IN FIRST DRILL

State College, Pa., Sept. 8 (AP)—The wraps came off the 1948 edition of the Penn State Nittany Lions today as a squad of 60 players answered Coach Bob Higgins' call for the first day of pre-season drills.

In the squad, that Higgins hopes will repeat last year's undefeated season and Eastern title accomplishments, were 19 lettermen and at least a dozen others who filled reserve roles or played on the junior varsity last year.

After a week's workout with the sophomore candidates, who played their first season of college football at the numerous state teachers colleges throughout the state, Higgins has chosen five backs and seven linemen to join the varsity.

The new backs are Vince O'Bara, of Johnstown; Tony Orsini, of Hummelstown; Owen Dougherty, of Dunmore; Herb Kurtz, of Conneville; and Francis Smutney, of Gibsonia.

The linemen, who the "Big" hopes will fill some of the gap left when four first string men from last season's forward wall graduated, are Bill Durkin, of Altoona, and John Smidansky, of Muncie, ends; Tom McDermott, of Pittsburgh, Charles Godlasky, of Osceola Mills, and Anthony Shumkas, of Mahanoy City, tackles, and Val Troy, of Pittsburgh, and Pete Chiesa, of Johnsonburg, guards.

The Lions' opening game is with Bucknell, on October 2.

Lancaster Fetes Barney Ewell

Lancaster, Pa., Sept. 8 (AP)—Thousands of Lancasterians turned out last night to welcome home Barney Ewell, Olympic sprint star.

Ewell was escorted from the Lancaster railroad station down spectacularly lined streets to the Edward Hand junior high school athletic field, scene of some of his earlier track triumphs.

At the junior high school field, a crowd estimated at 6,000 was on hand to watch the city's official welcoming ceremonies. Tributes were paid the former Penn State athlete by Mayor Dale E. Carey, Lt. Gov. Daniel B. Strickler and other civic officials.

Ewell finished second in the Olympic 100-meter and 200-meter sprints and was a member of the victorious U. S. 400-meter relay team, awarded first place after a baton-passing dispute.

Kickers' Handicap Won By Mrs. Swope

Mrs. Ruth Swope won first prize in the Women's kickers' handicap held Tuesday afternoon on the Gettysburg Country club golf course. Her net score was 79. Mrs. Elsie Mellon won second honors.

Mrs. Swope also won first prize for having the least number of putts for 18 holes with a total of 32. Mrs. Blanche Miller was awarded the special prize.

Interstate League

(By The Associated Press)

The Interstate Class B league opens its governor's cup playoffs tonight with the pennant winning Wilmington Blue Rocks playing host to the York White Roses and Trenton's Giants at home to the Sunbury Reds.

Trenton finished second during the regular season to the Rocks, losing out by one percentage point when Wilmington whipped the Giants twice on the final day to run its winning streak to nine straight games. York wound up third and Sunbury fourth.

The semi-final round will be played on a best-of-seven basis with the winners clashing in a like series. The first two of the semi-finals will be played at Wilmington and Trenton, the next three at York and Sunbury with the remainder, if necessary, on the home grounds of the Blue Rocks and Giants.

Tom Horton, with a season's record of 13 wins and five defeats, will open on the mound for the Blue Rocks. He'll be opposed by either Chuck Fedoris (8-8) or Joe Muir (12-7). Jim Davis, who won five and dropped three during the regular season, is slated to get the mound call for Sunbury.

Yesterdays Stars

(By The Associated Press)

Batting, Sid Gordon, Giants—Sparked Giants to double victory over Philadelphia. Drove in three runs in first game 6-1 triumph and clouted two-run homer in 11th to win nightcap, 8-6.

Pitching, Fritz Ostermueller, Pirates—hurled Pirates into second place in National league race, beating St. Louis, 6-2. Allowed only seven hits.

Sports Roundup

BY HUGH FULLERTON, JR.

New York, Sept. 8 (AP)—A big cigar and an intent look decorated Ted Schroeder's rough-hewn face as he sat in the Marquee at Forest Hills and watched Frankie Parker making hash out of Australia's Adrian Quist in the final 1948 Davis cup match. Ted was frankly puzzled over America's easy victory. "We know we are good, but we're not that good," he murmured. "We were playing over our heads." Schroeder refused to agree with the theory that Davis cup competition ought to be abandoned for a few years until a new crop of players develops. "We were down for a good many years, but we didn't give up and we got the cup back," he insisted. "This is a great international contest and the only way you can develop young players is to have them play. . . . But maybe it is time for some of us to step aside and let younger players develop." Did that mean Ted would not be available for next year's matches? "I surely hope I can come back again," he explained. "It's nice to come east once in a while and see people."

TO THE POINT

Schroeder's theory is that there was just one point between the lopsided challenge round and a close series—maybe even an Australian victory. "If Jack Bromwich had been in there it would have been different. We would have lost the doubles and he might have beaten me or Parker—or both of us—in singles. . . . Bromwich was only one point away from winning at Wimbledon and if he had won there, the Australian association would have invited him to play here. . . . So you can say Australia was just one point away from making it darned tough."

IT HAD TO HAPPEN

Remember Herman Hickman's tales of finding those characters in the Alleghenies who became great tackles once he got them "roped and shoed and carried down from the mountains." Well, the U. of Arizona publicity department reports that fullback Tom Carpenter and end Warren Ackerman wear shoes only on the playing field. . . . They're from Hawaii instead of the "mountains" and always go barefoot at home. . . . And from Texas comes word that Billy Pyle, the speedy Longhorn halfback, almost broke an ankle performing for photographers. . . . Officially the injury is "slight" but unofficial reports say he may be slowed for some time.

Bears, Yanks To Clash At Hershey

Hershey, Pa., Sept. 8 — Immediately upon the return of the Boston Yanks from their clash with the Chicago Bears last Sunday in Wrigley Field, Chicago, Maurice J. "Clipper" Smith started to plug the gaps of weakness that he observed among the Yanks in their tilt with the Bears.

He has had two sessions a day in preparation for the non-championship game scheduled for Thursday at 8:30 in the Hershey stadium, when the two teams meet for their second pre-season test.

Boston, which boasts one of the strongest aggregations in the Eastern Division of the National Football League, will present a number of new faces. Roy Zimmerman, former Philadelphia Eagle and Detroit Lion star, is slated to alternate at quarterback with Frankie Dancewicz. Frank Meuhlheuser, giant Colgate university full back, is expected to divide the duties at that position with Bill Paschal. Bob Davis, All-American tackle from Georgia Tech, appears to have won a starting line post, and Bob Tyree, rookie end from Oklahoma, also is slated to start against the Bears.

In the line-up of the Bears will be rookies Bobby Layne and Johnny Lujack, who accounted for three touchdowns last Sunday.

One leg is stronger and longer in the average human being.

STOCKS LOWER

New York, Sept. 8 (AP)—A broad pattern of lower prices appeared in the stock market today. The mark-down in quotations were orderly and spread through practically every section. Steels and motors, which yesterday were the leaders on a moderate rise, again were leaders today on their decline.

TOWN MAY BUY

a list of lights and equipment needed by the borough to comply with the state plan submitted three months ago. The borough secretary was also in receipt of a letter from the state notifying it that the lights must be installed within six months of the granting of the permit.

"Illegal" Light

Parker also submitted a list of dealers in this area from whom the traffic light equipment can be purchased. He said his company does not sell direct. The borough has four lights stored in the garage which the borough engineer thought could be repaired and used. A letter submitted to council by Borough Solicitor Eugene V. Bullett called attention to the fact that the traffic signal at Carlisle and Lincoln avenue is illegal according to state requirements and is being operated illegally. Councilman Fred Hummelbaugh was directed to confer with highway department officials in Harrisburg to seek an extension for use of this light unless the entire traffic light problem is ironed out.

The council granted an indefinite leave of absence to Borough Engineer Winebrenner, at full pay. Mr. Winebrenner said he was going to the Mayo clinic again about the middle of September.

Probe Spraying Methods
The relative advantages of spraying from the ground or from the air in efforts to rid the borough of mosquitoes was discussed by council and Councilman Hummelbaugh, who was in charge of both sprayings this summer, declared that "the money spent on spraying is wasted if we don't get at the source."

Burgess C. A. Heiges and Councilman George March said they had received more complaints since the spraying by airplane than they did after the ground spraying. Councilman Hummelbaugh said that the ground "fogging" does "something that no other spray does, penetrates farther and lasts longer." It cost the borough \$495 to spray from the

ground and \$790 from the air, he said.

Councilman Hummelbaugh recommended that the spraying be started earlier in the year, and the borough be sprayed several times, not more than four weeks apart. He also recommended that the more inaccessible places be sprayed with a hand sprayer.

"To rid the south and the north ends of town of mosquitoes we will also have to go out of the borough," he declared. He said many mosquitoes breed in Rock creek, and that it should be sprayed at least as far as Spangler's Spring.

"I feel sure that by also using hand spraying we could keep the price down and by this method treat the cause rather than the effect in getting rid of the mosquitoes," he added. "Our money is wasted if we don't get at the source. Mosquitoes breed by the millions in stagnant pools which could be hand-sprayed with oil."

To Build New Street
Borough Engineer Winebrenner reported that a deed had been obtained from Glenn C. Bream for extending Sixth street from York street south to the alley, and on motion of Councilman Shearer, the engineer was directed to build a new street.

Councilman Shearer also reported the purchase of a new truck for the highway department, as authorized by council. His committee is looking for a dump body and hoist for the new vehicle. Purchase of a carload of sand for the disposal plant was authorized.

Permission was granted the Adams County Novelty company to install a hand-car track across an alley at its plant. On motion of Councilman Stallsmith, council voted to donate \$90 to the VFW. The latter paid a fee in this amount for a carnival it sponsored recently.

A complaint from the Rev. B. F. Lightner, East Middle street, of water backing up in his cellar was referred to the sewer committee.

Chief of Police Robert C. Harpster was granted permission to use the council chambers in the engine house for an FBI police school to be held two nights a week, beginning September 28.

'Phone Inspector' Gets His Number

Philadelphia, Sept. 8 (AP)—Donald F. Trout, 45, who identified himself as a "telephone inspector," was given a "number" by Judge John A. Mawhinney in quarter sessions court yesterday—six to 23 months in county prison.

Henry Langen, a department store detective, told Judge Mawhinney that last August 18 he followed Trout through a central city store, watching him check the coin slots of a number of pay telephones.

A check revealed, Langen said, that the return slots of the phones had been stuffed with paper.

Trout, when arrested on a charge of larceny by trick, had \$5 in coins in his pocket as well as a card bearing his name and the "telephone inspector" identification, Langen said. Trout denied the charge, saying he was just in the habit of checking telephone coin slots.

"I'm just lucky with telephones," he said as he was led away from court.

Today's Talk

BACKGROUND PEOPLE

I never pass a big factory, with its huge smoke stacks belching forth their smoke, without thinking of the thousands of people working within, and how much they mean to the success of such an enterprise. There is the management, with its problems, as well as its troubles, but what could be done without these humble and hard-working people who are the background of its success?

I walk about the streets of a great city and see lights burning long and late in the huge structures. I know what is going on — watchmen, going from floor to floor every so often, looking after the interests of all tenants. There are the scrub women — a sad task for any woman — yet cheerful most of them, cleaning and scrubbing up that all may be clean and in order with the beginning of another day. Background people.

They run the scale, these background people. Even the legislators, and those in high authority, may be working late over their desks, seeking out the best plans and methods to serve their country best, and to return to the people a good report for the confidence placed in them on election day. Background people, too.

In some measure we are all background people with varying responsibilities. Only in unity is there great strength, so that if each one of us does our duty, and hews to the line, the largest good to the greatest number may be achieved. We are the fathers of our own significance. We are only as important as we do.

Though I have been the resident of a great city most of my life, or at least my mature life, I still am amazed at the smooth running of this city of mine. The mere matter of getting food to the millions each day, or taking the people to and from their work, the lighting of the city, its police system, its care of the roads and the cleaning of the streets, as well as the transportation of its huge wastes — all carried on by its background workers, to few of whom we ever give a thought.

The world moves, and has its being, through the efforts of its background people. There is not a single hour of happiness that each one of these workers does not both merit and deserve. There is no heritage so inspiring as that of a free pursuit of happiness. Throttle that and Freedom is dead!

Tomorrow Mr. Adams will talk on the subject: "In Your Small Corner."

FISH DONOR

When lovers give diamonds their love to declare,
They are set in a ring and are ready to wear.

When husbands, in time, by good fortune enriched,
Give fur to their wives they don't have to be stitched.

But fishermen, home from the lake or the brook,
Seldom give away fish that are ready to cook.

Having landed more bass than they're able to eat
They come to the door as though bringing a treat.

"Just out of the water," they shout with a grin —
Not a scale yet removed; still intact every fin.

And although I am sure it is kindness they mean,
I don't care for fish that I later must clean.

Not so with Paul Strasburg! When he shares a string,
There are smiles on all faces; the cooks start to sing.

There's warmth in my welcome, for happy am I
To look upon fish that are ready to fry.

The bass that he brings prove the heart of the man.
You can take them and pop them right into the pan.

GET READY TO LET GERMAN MIGRATE TO U. S.

By EDWARD E. BOMAR

Washington, Sept. 8 (AP)—The United States is getting ready to reopen the immigration gates to Germans living in the Reich. The war-ravaged bars have been up for more than seven years.

The first of 25,937 Germans to be eligible for admission each year will be chosen soon after a mass registration of applicants in the western occupation zones of Germany and Austria.

State department officials said today the registration may start this month. The actual date will be set as soon as American consular officials give the word that they are ready to handle the inevitable rush. Two million registration forms have been printed in Switzerland.

Expect Many DP's

The biggest group of applicants is expected to come from the 800,000 or so displaced persons—those left homeless by the war. Congress has voted to admit 205,000 of these during the next two years.

The new legislation also opened the way for restoring the prewar German quota.

Next to the British, it is the largest of all the national allotments set by the basic 1924 immigration act.

Few May Qualify

In voting to admit the 205,000 DP's, Congress wrote in a section, specifying that one-half of the displaced German quota must be used to admit only persons of German "ethnic origin" who now live in Germany but who were born in Poland, Czechoslovakia, Yugoslavia, Hungary or Romania.

Half of the remainder may be used for displaced persons. Of the total proportion set aside for native Germans, priority was given to skilled farmers and to those with relatives already in the United States.

Officials predicted, however, that this number actually will exceed one-fourth of the 25,957 quota because relatively few Germans can qualify as displaced persons.

New Oxford

New Oxford—The Metropolitan Edison Electric company erected a new light pole on each side of the local square during the past week.

The first few days of the new term at the parochial school here were devoted to a spiritual retreat made by the children in a body under the direction of their teachers, the Sisters of Mercy, and with exercises being in charge of their pastor, the Rev. Robert D. Hartnett.

The Rev. and Mrs. George N. Lauffer, who have been residing at Kittanning, moved Thursday to the apartment above the Farmers and Merchants bank, vacated a few weeks ago by Mr. and Mrs. Ruefle W. Wolfe, who moved to their newly constructed home on the Lincoln highway. The Lauffers resided here years ago when the Rev. Mr. Lauffer was pastor of the First Lutheran church, now in charge of the Rev. George E. Sheffer.

Mrs. Amos Little entertained the Ladies' Aid society of the First Lutheran church on Tuesday evening at her home.

The Misses Susan Himes and Edna McKnight were hostesses during the week to the September meeting of the local Garden club which has also taken on charitable projects for the season.

Mr. and Mrs. Earl Kling, York, formerly of here, recently became the parents of a daughter.

The borough graded and high schools reopened this morning after a three-months' summer vacation. The rural schools, which closed in May, are also open again for the 1948-49 term. All young people of outlying rural areas now attend the borough school from the sixth grade through the last year of high school.

The Mite society of St. Paul's Reformed church met Tuesday evening at the Sunday school rooms of their church.

Mr. and Mrs. Monroe Anthony, near East Berlin, recently observed the twentieth anniversary of their marriage. Mrs. Anthony is the former Miss Anna Myers, a daughter of William D. Myers and his wife who died several years ago.

Sister M. Elizabeth, of the Order of Mercy, who has been stationed as a missionary for many years in British Guiana, has been visiting here with her sister, Miss Robinson, her niece, Mrs. Bernard Moore, and family; and other relatives and friends. Sister Elizabeth spent her girlhood in New Oxford. Her visit to the states is expected to be concluded before the first of the new year.

Assails Voluntary Steel Allocations

New York, Sept. 8 (AP)—The Iron Age said today if the voluntary allocations program keeps growing at its present rate "it will make hash out of all efforts to assure fair distribution of tight steel products."

Although it has been estimated the program affects less than 10 per cent of current output, the metalworking trade weekly said, "the hitch comes when it is considered product by product."

It continued: "For instance, almost a third of expected steel plate production during the fourth quarter is earmarked for freight cars, tankers, barges, atomic energy, oil field tanks and equipment and military needs."

"This is material over which steel sales departments no longer have any control. Plate is the tightest product on the program but structural shapes are down for more than 20 per cent of output."

MOST DEFECTS "REMEDIAL"

Harrisburg, Sept. 8 (AP)—Forty per cent of Pennsylvania's rural school children have medical defects that can be corrected, the state Health department said today.

More than 263,700 children were examined in rural school districts in the last school years, the department said. Approximately 115,127 had remediable defects with discolored tonsils as the most prevalent.

The figures were obtained in the operation of the state school health program authorized by the 1945 Legislature and continued with another \$7,000,000 appropriation last year.

Pupils affected by diseased tonsils totaled 46,214. Visual defects were found in 38,804 students and nutritional defects in another 17,857 children. Heart defects were reported for 7,386 and hearing defects for 1,375. Only 836 had pulmonary defects.

Dr. Norris W. Vaux, secretary of health, released the figures in connection with an announcement of a plan for open house on the school health program during Pennsylvania week, Sept. 26 to Oct. 2.

Parents will be invited to witness the medical and dental examinations during the week. Schools in some communities will feature special programs, Dr. Vaux said. The school health program provides for notification of parents of ailing schoolchildren with a view to follow-up treatment.

DRAFT PLAN FOR PENNA. SET UP

Harrisburg, Sept. 8 (AP)—Pennsylvania's 12 big Army recruiting stations will serve as induction centers for youthful peacetime draftees.

Capt. David R. Caffrey disclosed regular Army personnel will be used to process the 630 men to be called in the month of November. Only the examining physicians will be civilians, he said.

The stations are at Harrisburg, Pittsburgh, Philadelphia, Altoona, Wilkes-Barre, Reading, Erie, Dubois, Williamsport, Pottsville, New Castle and Greensburg.

All of these induction centers, except New Castle and Greensburg, are in operation. The two exceptions will be activated shortly, said Caffrey.

Meanwhile, Lt. Col. Henry M. Gross, state draft director, said local boards will receive individual manpower quotas of 19 through 25-year-olds within the next month.

Although the 630 statewide quota averages out to slightly less than four men for each of Pennsylvania's 175 local boards, he explained the board quotas will be determined on the basis of the size of registrations.

POLICE SEARCH FOR MOTIVE IN GIRL'S SLAYING

Jefferson, N. J., Sept. 8 (AP)—Police sought today to find some motive for the slaying of 16-year-old Alberta Sharp.

The girl's body was found yesterday in an abandoned gravel pit near her father's Gloucester county truck farm. Police said she had been shot in the neck and brutally beaten.

The pretty second-year high school pupil disappeared Sunday night after leaving a Jefferson ice cream store where she was employed as a soda fountain clerk two nights a week.

Head Bludgeoned

An autopsy performed last night by Dr. J. Earl Wentzell, Gloucester county coroner, disclosed the girl had not been criminally assaulted. When found, the body was fully clothed.

Camden county Prosecutor E. Milton Hannold said a single rifle bullet entered the girl's neck and lodged in the base of the chin. The head was bludgeoned so unmercifully the bullet wound was almost obliterated, he said.

Police were on the lookout for an automobile which was seen in the lane leading to the gravel pit a short time before the girl's body was found.

Saw Parked Car

Edward Ballinger, a farmer and former Gloucester county freeholder, discovered the body yesterday, ending a tireless search of the barren Gloucester county countryside and state police, county authorities and civilians.

Ballinger told police he was walking between his two farms when he noticed the automobile parked in the lane, almost hidden from the highway by the trees.

Returning, he said he saw that the car had left, became curious and investigated. He said he entered the lane, scouted around the gravel pit and found the girl's body partially hidden beneath a clump of bushes.

schools of the jointure. Mrs. Baumgardner taught for seven years in the Hanover high school and also served as a substitute teacher in the Littlestown schools. Mrs. Leister previously taught third grade in the Littlestown schools.

Community Club To Meet
The Woman's Community club of Littlestown and vicinity will begin activities for the year 1948-1949, next Wednesday, September 15, at 7:45 p. m. in the POS of A hall.

Glenn Musselman, Orrianna, will be the speaker and his theme will be "Floral Arrangements." There will be a garden harvest display followed by a sale of the things on display. This program will be in charge of the Conservation and Garden department which includes Mrs. George Bemiller, chairman, Mrs. Millard Basehoar, Miss Edna Blocher, Mrs. William Dixon, Mrs. Arthur Peeser and Mrs. Harvey W. Schwartz. Hostesses will be Mrs. Raymond Geisler, chairman, Mrs. Robert Crouse, Mrs. Earl Inners, Miss Mary Rita Redding, Mrs. John N. Sell, and Mrs. Hamilton Walker.

Prof. King Speaks
Prof. Paul E. King was in charge of the school program presented at Tuesday night's meeting of the Littlestown Rotary club. Prof. King was also the speaker. His subject was "The New School Program in Pennsylvania." He discussed the subject from the standpoint of its local benefits. He cited the advantages of the Littlestown Jointure that has been effected in Littlestown and vicinity with Germany, Mt. Joy and Union townships and Littlestown borough. "There are 33 full time teachers and two part time teachers, and 1,020 pupils in the combined schools," Mr. King said.

President Luther D. Snyder was

in charge of the business meeting. Rotarian C. L. Roland of Juniata college was a visitor. The birthdays of Charles M. Weikert and Prof. King were noted. Tuesday night's program was in charge of the community service committee. On this committee in addition to Prof. King were, Cloy Crouse, Edward T. Richardson, Dr. Joseph R. Riden, Howard G. Blocher and Dr. Donald B. Coover.

Next week there will be a plant visitation beginning at 3 p. m. to the Littlestown Hardware and Foundry company. The dinner meeting will be held at Schottie's at the usual time. The vocational service committee with George P. Smith, chairman, will be in charge of program.

A girl's bicycle, the property of Nancy Kerchner, daughter of Mr. and Mrs. Leonard Kerchner, South Queen street, Littlestown which was stolen on August 26 was recovered on Labor Day in Germany township. Chief of police, Leon H. Gage, who investigated, said, "There will be a juvenile prosecution." The value of the bicycle was \$50 but no damage was done through the theft.

GLOBE MARKED BY UPHEAVAL IN SOCIAL FIELDS

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

This old world of ours is the melting-pot for a weird mixture of humanity.

I've just been studying headlines in the day's newspapers and most of the accounts point in the same direction. Everywhere forces of the "left" and of the "right" are at each others' throats, while unhappy "centrists" battle to keep the pendulum from swinging too far in either direction.

It needs only a quick appraisal to make it clear that virtually the whole globe is involved in a tremendous social upheaval. It takes a deal more study to enable one to hazard a guess as to where we are headed.

Empires On Way Out

What get your correspondent off on this speculative line of thought was the ascension of the Netherlands throne by Queen Juliana in place of her mother, Queen Wilhelmina, who abdicated because of the weight of years after half a century's reign.

However, the time is rapidly passing when a nation can impose its rule on people of another race. Empires are on their way out—and fast. Thus Queen Juliana comes to her throne at a moment when her empire is breaking up. Perhaps the East Indies may become part of a Dutch commonwealth of nations, but their days as colonies certainly are finished.

That same thing can be said of Britain. She herself has recognized the changing times and has granted both India and Burma their independence. She retains colonies, to be sure, but they will become independent in due course. Meantime, however, Britain herself likes her

SAW DEATH IN MANY DISGUISES ACROSS NATION

By JAMES MARLOW

Washington, Sept. 8 (AP)—Death has a thousand faces, and he wore a lot of them on the highways the past few days.

At least 271 people were killed in automobile accidents over the Labor Day week-end.

I've just come back from a 2,600-mile automobile trip through the south and some of the things I saw would make your heart stand still. I didn't see death outright, but I saw some of his disguises as he waited for a chance to pounce.

He was in the wind in the hair of a girl on the back of a motorcycle; he was in an old jalopy trudging wormlike up a busy hill; he was in a car that passed another on a curve; he was in a limp left arm.

The Worst Menaces

I saw maybe a dozen girls on the back of motorcycles, their arms tight around the man driver in front of them.

The wind was in their hair, thrilling them, as they rocketed along, doing 60 or 65 miles an hour on a highway where the limit was 50. At that speed on a busy road one slight twist of the front wheel, one brief skid, one ugly hole in the road could crash them into a ravine or an oncoming car.

Then there were the old jalopies, one of the worst menaces on the highway. There were plenty of them. Tired, broken down old cars inched along at 20 or 25 miles an hour on an open highway where everything else was doing 50 to 75 miles an hour.

They held up traffic. The routine was always the same. They came to a hill. They wheezed up it. Faster cars, knowing better than to try to pass on a hill, slowed up behind them until all were crawling over the hill.

Over the hill they went, in single file. There was a dip in the road and another hill a little way beyond. Those slowed-up faster cars wanted to pass the jalopy before the crawl up the next hill began.

One by one they peeled off, pulled out into the opposite lane. They had to build up speed fast to cut around the jalopy and get back into their own lane. If they didn't, they'd crash into an on-coming car.

Then there were the bright boys. The ones who ignored all the signs and rules of the road and passed cars going up a hill or around a curve.

They Really Raise Your Hair

When they did that they had to move out into the on-coming lane although they couldn't see what was coming over the hill or around the curve in that lane.

One of the worst dangers on the road was the driver with the limp and lazy left arm. He'd be doing 50, maybe, and stick out his left arm. But which way was he going to turn, left or right off the highway? If you were behind him, you couldn't tell from the way he used that left arm.

But the boys who really raised your air were the ones who suddenly shot into a busy highway from a hidden side road without any pause to see what was coming.

Sponsored By NCCJ

Appearing under sponsorship of the National Conference of Christians and Jews, Doctor Taba pointed out "usually we think of the problems of relationship between peoples as the problem of relationship between races. But it begins even deeper than that. Our job is to teach children to live together, to understand and to know, to develop mature persons."

"We must teach our children that America is a huge country made up of all kinds of people, doing all kinds of things. The child must learn that the family which may have dinner at noon is not 'dumb' or 'ignorant,' that there is a good rea-

son for having dinner at noon rather than in the evening. That is the basis we seek to reach, and it can be reached in the regular school period. There are enough children from enough different types of families in each class that, through a discussion, such differences can be shown to mean nothing other than that conditions cause different needs."

W. W. Eisenhart, of the retired teachers' group, announced toward the close of the meeting, that the secretary elected by the retired teachers during the morning had declined and that Miss Vivian Brumgard, York Springs R. D., was named as secretary instead.

Donald V. Hock, mayor of Allentown, declared that "no matter what wars may have beset us in the past there was always a margin for error. Today we no longer have that margin. If World War III comes, it will mean the end of civilization."

Hear R. C. Appeal

Asking that a group "conscience" be developed to solve the world's problems, the Allentown mayor declared such an outlook could be developed: "In the past we have had many crusades, some good, some bad, to which the world responded. Thus it seems possible that a crusade for peace could develop today."

Oscar Spicer, Biglerville, president of the county inter-school Junior Red Cross council, urged teachers to back the formation of Junior Red Cross councils in schools not having them at the present time.

Paul E. King, principal of the Littlestown joint school system, presided at the afternoon session.

of the Beautiful SPRINGWOOD FARMS

At the main farmhouse on the premises located two miles south of York on the Susquehanna Trail. About 124 acres subdivided into nine tracts (see drawing on premises); three with dwellings and buildings, to be offered separately and in two combinations: (1) Tracts Nos. 1, 3, 4 and 5 west; and (2) Tracts Nos. 6, 7, 8 and 9 east; also all of the farm equipment, as follows:

No. 1 West—MAIN TRACT FARM—About 40 acres, fronting about 1,400 feet on old Baltimore Turnpike. A gentleman's country estate, well situated on a southern slope. Large newly painted white frame main house. Four rooms first floor, five rooms, with bath, second floor. Colonial door arches. Shutters throughout. Steam heat. Large porches. Rose covered trellis joins porch to stucco two-story springhouse. Outdoor grill. Flower and vegetable garden. Hot beds. Grape arbor. Peach and apple orchard. Woods and rolling hills. Large front lawn, well shaded with varied well spaced mature trees, including oak, catalpa, holly, magnolia, evergreens and boxwood. Large newly painted packing house with asbestos shingle roof, stone foundation around cellar common storage room and stone wall surrounding old barnyard. Hog barn. Blacksmith shop. Utility shed. Chicken house. Corn barn. Smoke house. Six-car garage. Never failing spring with gravity flow to all buildings.

THE LIFT-THE-LATCH-CABIN — Two-story rustic shingle dwelling. Spacious all-purpose room with large open fireplace on first floor, also sleeping porch. Casement windows. Connected by screened and covered passageway to two-story adjoining building containing kitchen, two bedrooms and bath. All surrounded by large oaks and evergreens. Beautiful approach through woods.

No. 2 West—HILL HOUSE TRACT—Over an acre. About 200 feet frontage on old Baltimore Turnpike. Lovely one and one-half story frame house with dormer windows. Two porches. Warm air heat. Two-car garage and large general purpose building. Surrounded by ample shade trees, with varied shrubbery. A lovely view over the hills of southeastern York County.

No. 3 West—HILL APPLE ORCHARD TRACT—About 14 acres. New young apple orchard with standing crop of field corn between the rows of apple trees. This is one of the highest hills (elevation 743 feet) surrounding the York valley, with beautiful views in all directions, fronting about 700 feet on old Baltimore Turnpike.

No. 4 West—TANK ORCHARD AND UPPER WOODS TRACT—About 12 acres. A lovely tract of land with a road through the woods from the old Baltimore Turnpike to a mature apple orchard on a sloping hillside.

No. 5 West—APPLE MONUMENT TRACT—About 26 acres. A very desirable tract of land now planted in corn, with some mature apple trees. At the one corner is the Apple Monument commemorating the site of origin of the famous York Imperial Apple. At another corner is the old brick school house of York Township. This tract has frontage on three hard paved highways, about 650 feet on the old Baltimore Pike, about 700 feet on the Township Road, over 800 feet frontage on the Grantley Road extended.

No. 6 East—LOWER FARM TRACT—About seven acres. Newly painted two-story with open basement, six-room frame house with bath and two balconies, shingle roof, stone foundation and ample spring with electric pump. Most desirable well planted lawn surrounding house, with southern exposure, panorama view of Susquehanna Trail to south across sloping valley. Large modern barn, with stone and brick foundations, asbestos shingle roof. Hog barn. Chicken house. This tract is bounded on the north by a cinder land leading from the Susquehanna Trail. The tract has frontage on Susquehanna Trail of about 180 feet. Bounded on the south principally by a small stream.

No. 7 East—SUSQUEHANNA TRAIL FRONTAGE—About seven and a half acres, over 1,200 feet frontage on Susquehanna Trail, now planted in Stabler and Ohio bearing Black Walnut Trees interplanted with bearing Peach Trees. Bounded on the south by the Susquehanna Trail and on the north principally by a small stream. A most desirable tract.

No. 8 East—PEACH ORCHARD HILL TOP TRACT—About 12 acres. An excellent peach orchard interplanted with Ohio and Stabler Black Walnut Trees, bordered with a tract of hardwoods on the north and a tract of evergreens to the south. Gorgeous views to south and east. Nearly 600 feet frontage on old Baltimore Pike. With this tract goes a right of way from the Susquehanna Trail through the property of the late Charles M. Wernig—a gentle slope, curving lane affording access to both highways.

No. 9 East—TRAIL WOODS TRACT—About five acres. A beautiful site for a secluded bungalow or several small homes, with over 300 feet frontage on the Susquehanna Trail. The east portion covered with woodland and evergreens and peach trees to the west.

FARM EQUIPMENT—To be offered for sale Monday, September 20, 1 p. m., D.S.T., at the main barn. TALMADGE HAS KLAN BACKING IN VOTE TODAY

(By The Associated Press)

Georgia Democrats turned out in heavy numbers today to hand down their verdict in the 20-month old battle of the governors.

There were flaming crosses in some parts of the state as Herman Talmadge and Gov. M. E. Thompson squared off in a primary election to resume the fight for the governor's job which for three months of 1947 gave Georgia two chief executives.

That situation followed the death of Governor-elect Eugene Talmadge—Herman's father—before he could take office. Thompson claimed the post because he had been elected lieutenant governor. Young Talmadge claimed it after the state Legislature gave him a majority

vote.

Out To Redeem Pledge

The state supreme court finally decided in favor of Thompson, but Talmadge was out today to make good the "I'll be back" pledge he made then.

Backed by the Ku Klux Klan, Talmadge campaigned on a white supremacy platform and vigorously attacked Thompson's record in office. Thompson in turn, declared that Talmadge had fought him in 1947 with the support of "hoodlums, thugs, goons and drunks."

With election assured for the primary winner, a record 1,195,183 voters—including 138,870 negroes—were signed up. Hoke O'Kelley, Hoke Willis and the Rev. Joseph A. Rabin also were entered in the race.

Richard Russell was unopposed for renomination to the Senate, but there were contests for three House seats.

Utah, Arizona and Nevada held their primaries yesterday. Utah's Democratic Gov. Herbert B. Maw took a commanding lead for renomination over former As-

Harrisburg Youth Disavows Confession

Albuquerque, N. M., Sept. 8 (AP)—Still insisting he did not murder Lucille Ramirez, Franklin Lindemuth told a reporter yesterday he will name at his trial the man he suspects of killing the Modesto, Calif., nurse.

Lindemuth said he was not at the scene of the slaying at the time of Miss Ramirez's death but was taken there shortly afterward. Her body was found on the bank of the Rio Grande river near Albuquerque.

He said he had signed a statement he killed the 29-year-old girl on July 22, but added the statement "is not true."

Lindemuth, whose attorney said he would plead innocent at his preliminary hearing, said he signed the statement "because I was told by the deputy sheriffs that I would get off lighter."

His parents, Mr. and Mrs. Lester Lindemuth, of Harrisburg, Pa., were expected to leave their home this Sunday to attend his trial.

Assistant District Attorney John S. Boyden, while Maw's 1944 opponent, J. Bracken Lee, ran ahead of House Speaker Rendell H. Mabey for the GOP ballot spot.

Arizona's acting governor, Dan E. Garvey, led six opponents for the Democratic gubernatorial nomination, with Rep. Richard F. Harless running second. Two ranchers battled it out in the GOP race, with Bruce Brockett holding an edge over William Bourdon.

Littlestown

Littlestown.—Mr. and Mrs. John D. Basehoar, Lumber street, spent Sunday at the Flemington, N. J. fair, where they witnessed the automobile races. They accompanied Mr. and Mrs. Dale Anderson, York, on this trip. The Andersons and the Colgans were former York neighbors of the Basehoars. Returning home they stopped at Langhorne on Monday.

John D. Basehoar, Lumber street, and his father, D. D. Basehoar, East King street, attended the funeral services of Herbert Arentsberger, York, on Tuesday afternoon.

Mr. Arentsberger was a well known salesman for the Harrisburg Auto Parts company in this vicinity.

The Misses Sally and Jane Basehoar, daughters of Mr. and Mrs. John D. Basehoar, spent Sunday and Monday with their maternal grandparents, Mr. and Mrs. Walter E. Shelley, Goldsboro.

Miss Kathryn Shriver, who spent the summer vacation with her parents, Mr. and Mrs. Dallas Shriver, East King street, returned to Swarthmore, on Tuesday, to resume her duties today as supervisor of music in the schools of Springfield township, Delaware.

Miss Doris Shriver, daughter of Mr. and Mrs. Edward Hawk, East King street, returned to Shippensburg State Teachers' college on Tuesday night, preparatory to beginning her studies in the sophomore class this week. She was accompanied to the school by her parents.

A peach festival will be held Saturday beginning at 5 p. m. by the Young Men's Bible class of Redeemer's Reformed church, Dr. Richard M. Phreaner, teacher. This festival will be held on the lot in the rear of the church. Peaches, cakes and ice cream will be on sale. There will also be cake walks. Music will be furnished by the Tympani Four consisting of Hamilton Walker II, Richard A. Little, Jr., Richard Geisler, and Harold Hockensmith. The committee in charge of arrangements consists of Dr. Richard M. Phreaner, chairman, the Rev. Frank E. Reynolds and Stewart Long.

The Littlestown Men's chorus will meet at 9 o'clock Thursday night in St. Paul's Lutheran church, instead of 8 p. m. as announced in Tuesday night's paper.

Mr. and Mrs. Jason Yelton, Frederick, spent the week-end with Mrs. Yelton's mother and sister, Mrs. Wesley Humbert and Mrs. Estella Duce, South Queen street.

A. C. Garland, East King street, made a business trip to Philadelphia on Monday and Tuesday.

Mrs. Mary O'Kul, South Queen street announces the engagement of her daughter Miss Emma J. O'Kul to Luther B. Humbert, son of Mr. and Mrs. George Humbert of Silver Run. No date has been set for the wedding.

Mrs. Elmo Jones, East King street extended, will be hostess to the Alta Hummer Missionary society of St. John's Lutheran church at their September meeting, Thursday at 7:30 p. m. Mrs. Lloyd L. Stavelly will be the leader.

A meeting of the official board of the Centenary Methodist church will be held in the church, Thursday at 7:30 p. m.

The Loyalty Bible class of St. Paul's Lutheran church, Mrs. Carl H. Baumgardner, teacher, will resume their monthly meetings after the summer recess with a meeting to be held Monday night at 7:30 o'clock in the church. Mrs. Steward Jacobs will be the hostess, assisted by members of group two.

Old Phone Company Succumbs To Time

Lumber City, Pa., Sept. 8 (AP)—The Lumber City Telephone Company—born in the days when this community was a lumbering center—has succumbed to the ravages of time.

On Sept. 23, Mrs. Earl Peterman, who is paid \$1 a day as the company's lone operator, will close down the switchboard she has maintained in her living room since 1927.

The 50-phone switchboard was

taxed to capacity in the days when this community of 300 persons was a busy lumber town. Recently the number of subscribers dropped to 17 and the company's monthly income of \$35 went mostly for Mrs. Peterman's salary.

Gradually through the years the wall type wooden box phones went out of order and the telephone lines started to fall down. There just wasn't any money for repairs. Finally, Mrs. Peterman obtained permission from the Pennsylvania Public Utilities Commission to dissolve the company.

VETS PROMISED JOBS

Harrisburg, Sept. 8 (AP)—The Pennsylvania Turnpike Commission has assured war veterans of first consideration for jobs on the near eastern arm of the superhighway.

The assurance was contained in a letter sent by Commission Chairman T. J. Evans to H. V. Hartman, commander of the Pennsylvania Veterans of Foreign Wars.

PROCLAMATION ON PA. WEEK

Harrisburg, Sept. 8 (AP)—Gov. James H. Duff officially started the ball rolling today for the observance of Pennsylvania week, Sept. 26-Oct. 2.

He issued a proclamation calling upon Pennsylvanians to mark the occasion with special events "to acquaint themselves more fully with the resources, development, history and potentialities of their home state and their home community."

"This celebration of Pennsylvania week, however, is not a mere rejoicing in glories past and present. Pennsylvanians must look to the future too, ever searching for new endeavors which will mean continued growth and prosperity for the local community and for the state," he said.

The state Commerce department, together with a host of outside agencies, is playing a leading part in arranging both statewide and

11 Polio Deaths In Pennsylvania

Philadelphia, Sept. 8 (AP)—Health authorities disclosed today that 11 persons had died of infantile paralysis in the Philadelphia area this year.

Murray August, 20-year old University of Pennsylvania student, was the latest victim. He died last night in Bryn Mawr hospital where he was taken Saturday, five days after he became ill.

Earlier yesterday, Robert Clarke, 12-year-old son of Mr. and Mrs. Robert Clarke, of Goshen, N. J., died in Camden Municipal hospital.

Pocket Veto is the term commonly applied to the action of the President in withholding approval of a bill for 10 days when Congress adjourns before that time.

local celebrations.

The 1948 observance will be the third — and biggest — since the event was started in 1946 under the administration of former Governor Edward Martin.
